'BE THE CHANGE YOU WISH
TO SEE IN THE WORLD'

~Mahatma Gandhi

Together 'EKSANGH' we can bring changes in the community we love and live in through early screening and detection for cancer. The

dreadful word 'CANCER'.

brings fear and worries and one's life! But, by learning the signs and symptoms of cancer, preventing certain habits like chewing tobacco and 'making lifestyle changes' can help. ONE SMALL

CHANGE CAN BRING BIG RESULTS.

On this World Cancer Day, lets remember our loved ones who have lost their lives due to cancer and those who have survived!
